

Ionic S.P.A. Become Energized

The Ionic S.P.A. ionizes the water when a hand, foot, or whole body is submerged in ionized water, the body absorbs energy. It has been reported that cancer cells have 10-30 millivolts, whereas a healthy cell has 70 to 100 millivolts. How are you going to put at least an extra 60 millivolts into the body? People will say these machines detoxify the body. Yes and No. There is no proof that these machines go into the liver and pull out toxins. However, the toxins and poisons that are in the skin do come out into the water.

The real purpose of the ionizer is to energize the body fluids, blood and lymph, to bring the energy to the cells.

When the cell has enough energy, it can eliminate its waste. The elimination of toxins and poisons occur on the cellular level and the waste goes into the toilet. Reflexology relieves stress and pain of the body via the hands or feet. Using the Ionic S.P.A. prior to a Reflexology session relaxes the whole body. Learn Reflexology at home or at a seminar. The public is fascinated by seeing color come out of people. The public also is in pain and suffers from too much stress.

Ionic S.P.A. Foot Spa System

Foot Spa System \$595 (whole unit includes SS Array, AC/DC Power Source, Belava Tub Owner's Manual)

The simple non-invasive and relaxing bio-charge produced in the water has a positive effect on a wide range of conditions. Common results of this wellness treatment include detoxification, reduced inflammation, shortened recovery time, improved liver, kidney and colon function, as well as improved sleeping patterns.

Stainless Steel Replacement Ionizer Array \$295

Stainless steel replaceable ionizer array (requires replacement electrodes after approximately 200-400 sessions)

Graphite Replacement Ionizer Array \$245 - Full Graphite System \$545

This graphite ionic SPA Replacement Array produces no water discoloration to use in the bathtub. Graphite replaceable ionizer array (requires replacement electrodes after approximately 100-200 sessions)

Belava Tub \$30

Blue Belava Tub that comes with 20 liners (\$50 for 100 liners sold separately)

AC/DC Power Converter w/Right Angle Connector \$270

Included with the full unit with a 5 year warranty

TDS Meter \$30 (Sold separately)

Totally Dissolved Solids Meter - to measure the conductivity of the water.

Specifications:

Replacement Unit (Array): Length: 12in., Diameter: 5in., Unit Cord: Length: 36 in., Power Cord: Length: 60 in., Input: 100-240V-1.6A Max, 50-60Hz, Output: =24V - 2.1A, Output Power: 50W Max. Call 951-273-0801 for more information.
